

Executive Director's Message

Healthy neighbors enhance the quality of life for all of us. 2014 was a good year for Tulip Tree Family Health Care as we were able to provide accessible, affordable medical, dental and behavioral health services to many area residents.

Support from our community helped make this happen. We held our first major fundraising campaign and received a strong response from area businesses and individuals. Every day brings new changes in healthcare. One thing that doesn't change is our commitment to improve the life of every patient we serve.

A special thank you to all those who support our work.
